

## Dimmer Modules - Leading Edge

### Leading Edge Bell Press Dimmers

Product Codes	DIMEWBPL-120
	DIMSMBPL-500
	DIMRDBPL-240
Dimmer Load Maximum	DIMEWBPL-120 = 120w
	DIMSMBPL-500 = 500w
	DIMRDBPL-240 = 240w
Dimmer Type	Leading Edge
Consumption	Negligible
Expected Life (hours)	50000
Dimmer Load Minimum	DIMEWBPL-120 = 0w
	DIMSMBPL-500 = 0w
	DIMRDBPL-240 = 0w
DIMEWBPL-120	IC 4 wire
DIMSMBPL-500	Mosfet 5 wire
DIMRDBPL-240	IC 4 wire
Dimensions	4 fit inside 4x2 box

These dimmers have been specifically designed for use with leading edge dimmable LED's.

They are available in a rotary or bell press modules. They are suitable for loads from 6w to 500w.

Theses dimmer modules fit into any 4 x 2 box and work with any bell press switch.

The life expectancy of these dimmers are over 50000 hrs.

A dimmer compatibility list for all ecoLED Dimmable LED's is available. Staff can also advise which dimmer is most suitable for which ecoLED globe. Please feel free to enquire.
