This high quality LED PAR 38 Light that is a replacement for a 85-265v incandecent or CFL PAR 38 light and uses up to 8 times less electricity than it's retrofit alternative, comes with a 1+ year warranty.

The Warm White option of this PAR 38 closely replicates the light of a 80w incandescent whereas the Cool White more closely replicates a 28w CFL PAR 38

This bulb uses 4 MCOB LED chips and a Glass diffuser lens to give a very even light spread throughout it's 120° beam angle. This is an ultra high lumen watt globe (104lm/w) for cool white

The life expectancy of this globe is 50000 hours and is CE & RoHS compliant.

This globe is also available in single colours viz. blue, green, red or yellow. Some colours may not be kept in stock.
