## Flood Lights 10w -200w Silver Range

230v Outdoor Swivel Mount Flood Light from 10w to 200w (Silver Range)

Product Codes	FL10s-10w1nw
	FL20s-20w1nw
	FL50s-50w1nw
	FL100s-100w2nw
	FL150s-150w3nw
	FL200s-200w4cw
Power (watts)	FL10s-10w1nw = 9.8w
	FL20s-20w1nw = 20w
	FL50s-50w1nw = 53w
	FL100s-100w2nw = 106w
	FL150s-150w3nw = 158w
	FL200s-200w4cw = 205w
Operating voltage	85-265v
Lamp Type	Outdoor
Expected Life (hours)	30000
Light output (lumens)	FL10s-10w1nw = 700lm
	FL20s-20w1nw = 1400lm
	FL50s-50w1nw = 3500lm
	FL100s-100w2nw = 7500lm
	FL150s-150w3nw = 12500lm
	FL200s-200w4cw = 17000lm
Colour temperature	5000k Neutral White
Colour rendering index	>75
Beam angle (degrees)	120°
Dimmer Compatible	Non-dimmable
Colour	Grey

This high quality LED Flood Light that is a replacement for a 85-265v incandecent or CFL Flood and uses up to 9 times less electricity than it's retrofit alternative, comes with a 1 year warranty.

The FL10s-10w1nw closely replicates the light of a 80w halogen whereas the FL50s-50w1nw replicates a 400w halogen Flood and the FL200s-200w4cw most closely replaces a 600w CFL or Mercury Flood Light. These Flood lights use light output specific Hualei COB chips integrated into an aluminium housing containing an aluminium reflector resulting in a beam angle of 120°

The life expectancy of this globe is 30000 hours and is Eskom, CE & RoHS compliant. These lights are ideal for exterior applications like gardens, parking areas, courtyards, sports fields, etc.
