## GU10 Down Light 5w - Wide Beam

GU10 Down Light 5w 100° Beam Angle Glow Rim

Product Codes	GU10-5w14cw
	GU10-5w14ww
Power (watts)	5.1
Operating voltage	85-265v
Lamp cap	GU10
Expected Life (hours)	30000
Light output (lumens)	440 (ww) / 400 (cw)
Colour temperature	6000k Cool White
	2900k Warm White
Colour rendering index	>80
Beam angle (degrees)	100°
Dimming Range	Non-dimmable
	: Incandescent
Replaces : Halogen	40w
	: CFL
Dimensions (w x b x l) wt	49.8 x 49.8 x 59+2mm (31g)

This high quality LED Down Light that replaces a 85-265v halogen or CFL Down Light and uses up to 7 times less electricity than it's retrofit alternative, comes with a 2.5 year warranty. The Warm White option of this Down Light closely replicates the light of a 40w halogen whereas the Cool White more closely replicates a 13w CFL Down Light. This bulb uses 14 \* SMD 2835 Everlight LED chips consealed beneath a translucent lens to give a very even light spread accross it's especially wide 100° beam angle.

The life expectancy of this globe is 30000 hours and is CE & RoHS compliant.

A 12v version of this globe is not currently available.

It has very high light output for it's consumption and compares favourably to our former GU10-6w3ww.

It is not dimmable. Please see datasheet GU10-5w12D for the dimmable version to be released in Nov. The ultra wide beam angle make this globe ideal for applications like low ceilings, wide light spacing or over counter top environments where even light cover is essential.
