GU10 Down Light 5w Dimmable

5w 230v GU10 Dimmable LED Downlight that replaces a 35W Halogen

Product Codes	GU10-5w1cwD
	GU10-5w1wwD
Power (watts)	5
Operating voltage	85-265v
Lamp cap	GU10
Expected Life (hours)	50000
Light output (lumens)	400 (cw) / 350 (ww)
Colour temperature	5500k Cool White 2900k Warm White
Colour rendering index	>80
Beam angle (degrees)	60°
Dimming Range	99%
: Incandescent	N/A
Replaces : Halogen	35w
: CFL	11w
Dimensions (w x b x l) wt	49.8 x 49.8 x 60.5mm (54g)

This high quality LED Down Light that is a replacement for a 85-265v halogen or CFL Down Light and uses up to 7 times less electricity than it's retrofit alternative, comes with a 2 year warranty.

The Warm White option of this Down Light closely replicates the light of a 35w halogen whereas the Cool White more closely replicates an 11w CFL Down Light

This bulb uses 1 * 5w COB Sharp LED chips and an aluminium reflector with transparent lens to give a very even light spread within and with limited light spill beyond it's 60° beam angle.

The life expectancy of this globe is 50000 hours and is CE & RoHS compliant.

A 12v version of this globe is available on special order and subject to a small quantity premium.

It has very high light output for it's consumption and compares favourably to our GU10-6w3wwD.

It has far superior dimming down to 5% when using our compatible dimmer DIMRDBPL-350.
