This high quality LED Down Light that is a replacement for a 80-270v halogen or CFL Down Light and uses up to 8 times less electricity than it's retrofit alternative, comes with a 2 year warranty.

The Warm White option of this Down Light closely replicates the light of a 50 halogen whereas the Cool White more closely replicates an 18 w CFL Down Light

This bulb uses 3 3w HP Bridgelux LED chips and a transparent diffuser lens to give a very even light spread throughout it's 60° beam angle.

The life expectancy of this globe is 50000 hours and is Eskom, CE & RoHS compliant.

A 12v version of this globe is available see Datasheet MR16-6w3

A dimmable version of this globe is available see Datasheet GU10-6w3D
