GU10 Down Light 7w Dimmable

7w 230v Dimmable GU10 LED Downlight that replaces a 50W Halogen

Product Codes	GU10-7w1cwD GU10-7w1wwD
Power (watts)	6.7
Operating voltage	80-270v
Lamp cap	GU10
Expected Life (hours)	30000
Light output (lumens)	550 (cw) / 500 (ww)
Colour temperature	6000k Cool White 2900k Warm White
Colour rendering index	80
Beam angle (degrees)	60°
Dimming Range	96%
Replaces : Incandescent	N/A
Replaces : Halogen	50w
Replaces : CFL	18w
Dimensions (w x b x l) wt	49.8 x 49.8 x 55.5mm (57g)

This high quality LED Down Light that is a replacement for a 80-270v halogen or CFL Down Light and uses up to 7 times less electricity than it's retrofit alternative, comes with a 1 year warranty.

The Warm White option of this Down Light closely replicates the light of a 50w halogen whereas the Cool White more closely replicates an 18w CFL Down Light

This bulb uses 1 COB Sanan LED chips and a diffuser lens to give a very even light spread throughout it's 60° beam angle. It has minimal light spill beyond 90° similar to its halogen predecessor.

The life expectancy of this globe is 30000 hours and is EMC, CE & RoHS compliant.

A 12v version of this globe is currently available on special order and subject to a minimum order quantity of 5000 units

It has very high light output for it's consumption and compares favourably to our GU10-9w3wwD.

It has exceptional dimming down to 3% or less when using our compatible dimmers: DIMRDROL-120 or DIMWBPL-120 or DIMSMBPL-500

It is an exceptionally short LED with adequate cooling and identical in length to a halogen lamp.
