This high quality LED Down Light that is a replacement for a 80-270v halogen or CFL Down Light and uses up to 7 times less electricity than it's retrofit alternative, comes with a 2 year warranty. The Warm White option of this Down Light closely replicates the light of a 60w halogen whereas the Cool White more closely replicates a 20w CFL Down Light.

This bulb uses 3 * 3w HP Bridgelux LED chips and a high clarity transparent lens to give it a concentrated light spread throughout it's 60° beam angle. It is ideal for ceilings above 2.5m.

The life expectancy of this globe is 50000 hours and is Eskom, CE & RoHS compliant.

A 12v version of this globe is available see Datasheet MR16-9w3
